SUBJECT INDEX

	PAGE
Behaviour	
Colour polymorphism in <i>Idotea baltica</i> from the Bay of Naples	785-794
Effect of particle size on the burying ability of the brown shrimp	365-377
Feeding behaviour of the mussel, <i>Mytilus edulis</i>	813-829
Feeding habits of oplophorid shrimps in the deep Mediterranean	193-206
Marine-feeding otters: seasonal variations	297-312
Tidal migratory behaviour and light-responsiveness in the shore crab	355-364
Benthos and Sediments	
Benthic diatoms and sediment dynamics	25-45
Effect of particle size on the burying ability of the brown shrimp	365-377
Life history of infaunal polychaetes off North Carolina	123-141
Macrobenthic infauna in the Irish Sea and bioturbation	143-162
<i>Mesacanthion diplochma</i> , a link to higher trophic levels?	453-456
Organic carbon content of gravel bed herring spawning grounds	863-870
Seasonal changes in biogenic stabilization in the Severn Estuary	871-887
Biochemistry	
Cadmium in the gastropod <i>Littorina littorea</i>	655-665
Enzyme biochemistry of digestive glands in a tropical barnacle	1-14
Histochemistry of <i>Mytilus bucco</i> -oesophageal glands	237-240
Intraskelatal matrix proteins in Echinodermata	727-730
Ionic regulation and buoyancy in some planktonic organisms	15-23
Metabolism of ¹⁴ C-labelled TBT in the dog-whelk	889-912
Organic carbon content of gravel bed herring spawning grounds	863-870
Rods in the eyes of herring and increased di-docosahexaenoyl	679-688
Sub-cuticular glands in the copepod <i>Temora longicornis</i>	97-107
Sulphur cross-links and the polymerization of barnacle cement	689-702
Tryptic digestion of the serum immunoglobulin of the flounder	425-436
Bioluminescence	
Innervation of luminous glands in the copepod <i>Euaugaptilus magnus</i>	417-423
Communities	
Patterns of abundance and distribution of species in intertidal rock pools	555-569
Planktonic ciliates in Southampton Water: quantitative taxonomic studies	579-594
Strombidiid ciliates from coastal waters of Jamaica	47-65
Sublittoral hard-substratum communities off Scotland	733-754
Deep Sea	
Reproductive biology of two epizoid anemones from the deep Atlantic Ocean	531-542
Development, Growth and Maturation	
A method for measuring growth in living barnacles	723-726
Age, growth and maturation of the loliginid squids off West Africa	949-961
Changes in the opacity of larval herring, <i>Clupea harengus</i>	225-232
Changing phospholipids and the appearance of rods in the eyes of herring	679-688
Colony growth and feeding in a marine bryozoan	321-331
Density-dependent growth in cockles	333-342
Developmental biology of marine organisms (abstracts)	703-718
Dynamics and growth of <i>Abra tenuis</i> at its northern limit	497-511
Heterozygote deficiencies in a cohort of newly settled <i>Mytilus edulis</i> spat	647-653
Identification of early life history stages of <i>Crassostrea</i> and <i>Ostrea</i> species	471-496
Length, weight and condition factor of <i>Acartia clausi</i> in the Mediterranean	343-353
Otolith microstructure of the lesser sandeel	245-248
Polymerization of barnacle cement	689-702

	PAGE
Rate of spiculogenesis in a sponge using tetracycline marking	457-460
Reproduction and growth of <i>Sphaerechinus granularis</i> in southern Brittany	179-192
Settlement and growth of an intertidal gastropod in Ireland	313-319
Ecology and Distribution	
<i>Abra tenuis</i> at the northern edge of its distribution	497-511
American Jack knife clam, <i>Ensis directus</i> , in the North Sea	233-235
<i>Boreomysis nobilis</i> in Newfoundland fjords	755-768
Deep-water pycnogonids of the Cape Verde Slope	837-861
Ecological significance of colour polymorphism in <i>Idotea baltica</i>	785-794
Intertidal benthic diatoms after biocide treatment	25-45
<i>Nassarius</i> as an indicator of TBT pollution before and after restrictions	913-929
Occurrence of <i>Parablennius sanguinolentus</i> on the Portuguese coast	465-467
Patterns of abundance and distribution of species in intertidal rock pools	555-569
Presence of <i>Pontocrates arcticus</i> (Crustacea: Amphipoda) in Britain	609-615
Protists associated with oceanic detritus in the mid North Atlantic	67-95
Pycnogonids from southern Spain	543-553
Reproductive ecology of the velvet swimming crab at Plymouth	379-389
Seasonal abundance of copepodites off Plymouth	109-122
Seasonal changes in diatom biomass in the Severn Estuary	871-887
Settlement and growth of an intertidal gastropod in Ireland	313-319
Spatial and temporal development of the spring bloom in the North Atlantic	253-282
Spatial and temporal distribution of echinoderm larvae in the Ligurian Sea	513-530
<i>Streblospio</i> : demography and production	769-784
Strombidid ciliates from coastal waters of Jamaica	47-65
Sublittoral hard-substratum communities off Scotland	733-754
Feeding and Nutrition	
Colony growth and feeding in a marine bryozoan	321-331
Day-night feeding by decapod crustaceans in the deep Mediterranean	795-811
Energetic cost of reproduction of <i>Buccinum undatum</i> in the Irish Sea	391-403
Feeding behaviour of the mussel, <i>Mytilus edulis</i>	813-829
Feeding habits of oplophorid shrimps in the deep Mediterranean	193-206
Food of the striped dolphin in the Ligurian Sea	571-578
Importance of mucus in digestion in <i>Mytilus</i>	237-240
Length, weight and condition factor of <i>Acartia clausi</i> in the Mediterranean	343-353
Marine-feeding otters in Norway	297-312
<i>Mesacanthion diplochma</i> , a link to higher trophic levels?	453-456
Mixotrophy in marine species of <i>Chrysochromulina</i>	283-296
Opacity of larval herring and vulnerability to predation	225-232
Seasonal abundance of copepodites off Plymouth	109-122
Suspension feeding in larval crabs	207-211
Long-term studies	
Towing speed and sampling depth of the Continuous Plankton Recorder	967-970
Migration and Movements	
Mobility in lepadomorph barnacles	719-722
Molecular Biology and Genetics	
Chromosomes of the sea anemone <i>Haliplanella luciae</i>	971-973
Heterozygote deficiencies in a cohort of newly settled <i>Mytilus edulis</i> spat	647-653
Molecular evolution and diversification of the vestimentiferan tube worms	437-452
New Species and Genera	
<i>Ammothella gibraltarensis</i> sp. nov.	549

	PAGE

<i>Strombidium pollostomum</i> sp. nov.	54
<i>Strombidium sphaericum</i> sp. nov.	55
<i>Tontonia simplicidens</i> sp. nov.	49
Parasitology	
Parasites of <i>Buccinum undatum</i> and sewage-sludge dispersal	931-948
Population biology of <i>Micogymnophallus minutus</i> in cockles	163-177
Pollution and Toxicity	
Cadmium in the gastropod <i>Littorina littorea</i>	655-665
Imposex in Australian <i>Conus</i>	241-244
Male genital defect in the dog-whelk favouring survival in a TBT-polluted area	667-678
Metabolism of ¹⁴ C-labelled TBT in the dog-whelk	889-912
<i>Nassarius</i> as an indicator of TBT pollution before and after restrictions	913-929
Parasites as biological indicators of sewage-sludge dispersal	931-948
Reproductive biology of <i>Orchestia gammarellus</i> in a sewage treatment works	405-416
Population Studies	
A method for marking small juvenile gastropods	963-966
Age, growth and maturation of loliginid squids off West Africa	949-961
Density-dependent growth in cockles	333-342
Population biology of <i>Micogymnophallus minutus</i> in cockles	163-177
Population dynamics of <i>Boreomysis nobilis</i> in Newfoundland fjords	755-768
Populations of <i>Streblospio</i> in temperate zones	769-784
Statolith microstructure and maximum age of <i>Loligo gahi</i>	979-982
Red tides and blooms	
Morphological variation in the red-water ciliate <i>Mesodinium rubrum</i>	975-978
Spatial and temporal development of the spring bloom in the North Atlantic	253-282
Reproduction and Life History	
Herring spawn deposition and the organic carbon content of gravel beds	863-870
Imposex in Australian <i>Conus</i>	241-244
Life history of infaunal polychaetes off North Carolina	123-141
Male genital defect in the dog-whelk favouring survival in a TBT-polluted area	667-678

	PAGE
Marine-feeding otters: reproductive timing	297-312
Recruitment of echinoderm larvae in the Ligurian Sea	513-530
Reproduction and growth of <i>Sphaerechinus granularis</i> in southern Brittany	179-192
Reproductive biology of <i>Boreomysis nobilis</i> in Newfoundland fjords	755-768
Reproductive biology of <i>Orchestia gammarellus</i> in a sewage treatment works	405-416
Reproductive biology of two epizoic anemones from the deep Atlantic Ocean	531-542
Reproductive cycle of <i>Buccinum undatum</i> in the Irish Sea	391-403
Reproductive ecology of the velvet swimming crab at Plymouth	379-389
Seasonal abundance of copepodites off Plymouth	109-122
Rhythmicity	
Day-night feeding by decapod crustaceans in the deep Mediterranean	795-811
Tidal migratory behaviour in the shore crab	355-364
Salinity and Osmoregulation	
Ionic regulation and buoyancy in some planktonic organisms	15-23
Structure and Histology	
Histology and histochemistry of digestive glands in a tropical barnacle	1-14
Innervation of luminous glands in the copepod <i>Euaugaptilus magnus</i>	417-423
Intracellular matrix proteins in Echinodermata	727-730
Morphological variation in the red-water ciliate <i>Mesodinium rubrum</i>	975-978
Otolith microstructure of the lesser sandeel	245-248
Shell morphology of early life history stages of <i>Crassostrea</i> and <i>Ostrea</i> species	471-496
Statolith microstructure <i>Loligo gahi</i>	979-982
Sub-cuticular glands in the copepod <i>Temora longicornis</i>	97-107
Swimming and Buoyancy	
Ionic regulation and buoyancy in some planktonic organisms	15-23
Taxonomy	
A gutless nematode dominant in a methane seep area in the North Sea	627-634
Deep water pycnogonids of the Cape Verde Slope	837-861
Heterotrophic flagellates and other protists in the mid North Atlantic	67-95
Molecular evolution and diversification of the vestimentiferan tube worms	437-452
New genus of midwater appendicularian: <i>Mesoikopleura</i> with four species	635-646
New species of lugworm: <i>Arenicola defodiens</i> sp. nov.	213-223
Planktonic ciliates in Southampton Water: quantitative taxonomic studies	579-594
Pycnogonids from southern Spain	543-553
Redescription of the isopod genus <i>Xenuraega</i>	617-625
Review of the genus <i>Fenestrulina</i> on the Iberian Peninsula	831-835
Strombidiid ciliates from coastal waters of Jamaica	47-65
Taxonomic confusion in the genus <i>Pontocrates</i> (Crustacea: Amphipoda)	609-615
Taxonomic status of <i>Littorina neglecta</i>	249
Taxonomic status of <i>Littorina neglecta</i>	250
The genus <i>Clausophyes</i> (Siphonophorae, Clausophyidae)	595-608
Techniques and Methodology	
A method for marking small juvenile gastropods	963-966
A method for measuring growth in living barnacles	723-726
Rate of spiculogenesis in a sponge using tetracycline marking	457-460
Towing speed and sampling depth of the Continuous Plankton Recorder	967-970
Ultrasonography for the study of structure and mechanical events	461-464
Vents and Seeps	
A gutless nematode dominant in a methane seep area in the North Sea	627-634
Vision	
Rods in the eyes of herring and increased di-docosa-hexaenoyl	679-688
